EVENT INTRODUCTION

Battle of the Babes – World Model Search is a brand new global event; an international model search pageant with events taking place within the Asia Pacific Region in 2013/2014.

Over 1000 models have already registered to take part in the first year's event, with more registering on a daily basis. The events started in Asia during October and November 2013, with multiple shows held in The Philippines, Singapore and Thailand. New Zealand events took place throughout March and April 2014 at venues throughout the country. These first 4 event countries are now completed, with the first 4 World Finalists confirmed.

Following the Australian events, the United States of America & Hong Kong will be the next countries to take part. Battle of the Babes will continue to grow internationally as more countries are added for the next year's event; which will start in early 2015.

Prizes

Battle of the Babes has a superb prize pool, giving opportunities to the winning models to help them pursue a modeling career.

The Events

Qualifying heats, semi-finals and finals are held at various venues in each country.

New models from each country will be competing to be the first Battle of the Babes National winners and represent their country at the World Final in Hong Kong in August 2014.

The event is open to potential new models as well as already established professional models. There is no strict set of requirements, only that the entrants must be 18 years of age or over. There is no maximum age limit or a minimum height requirement. The organisers would like to make it easy to enter and give it a go, rather than impose too many restrictions and only allow the elite to take part. As well as providing significant opportunities to winning models, the event is a platform to meet other likeminded models, build confidence & experience a runway model event.

USA and HKG (& neighboring countries) models are invited to register now at www.worldbattleofthebabes.com

The models walk the catwalk in 3 different segments of the show, each with its own theme and outfits, which in most cases will be chosen and created by the models themselves displaying their sense of fashion, creativity & individuality.

3. Cocktail dress / formal attire
