

The International search for the World's Hottest New Models

Battle of the Babes is a brand new event; an international model search pageant with events set to take place within the Asia Pacific Region this year.

The event will start in Asia during October and November, with shows to be held in Thailand, Singapore, The Philippines and Hong Kong. Following the Asia program of events, New Zealand, Australia and the US will be the next countries to take part. Battle of the Babes will continue to grow internationally as more countries are added during 2014.

Organiser

Organised and promoted by Andrew Featherstone, founder and organiser / promoter for the New Zealand Battle of the Bands National Championship since 1993. Andrew has organised global music tours, international record releases and World Battle of the Bands events in over 40 cities around the world. Battle of the Babes is Andrew's latest project and set to be a regular annual fixture, as the 'sister event' to his Battle of the Bands programs.

The event is open to potential new models as well as already established professional models. There is no strict set of requirements, only that the entrants must be 18 years of age or over. There is no maximum age limit, nor any height minimum requirement. The organisers would like to make it easy for girls to enter and give it a go, rather than impose too many restrictions and only allow the elite to take part. As well as providing significant opportunities to winning models, the event is a platform to meet other likeminded girls, build confidence and experience a runway model event.
